"FOR A GREATER ROCKCASTLE"

Established 1887—34th Year—No. 4

Mt. Vernon, Rockcastle County, Kentucky

Friday Afternoon, November 19, 1920

Price \$1.50 PER YEAR IN ADVANCE

Brodhead News

Mrs. J. G. Frith has returned from Stanford and Danville. The remains of Mrs. Homer Herlin arrived here from Crawfordsville, Ind., Saturday and taken to Providence for burial. Mrs. W. E. Carter has returned from a few days visit with her aunt, Mrs. Eliza Jane Mink at Louisville. Mrs. Nathan Brummitt and daughter, Miss Bertha have been confined to their room for several days with tonsillitis. Mr. and Mrs. George Payne, of Indianapolis, Ind., Mr. and Mrs. Joe McKenzie and son, Master Bill and Miss Jo Davis motored down from Mt. Vernon Sunday and were guests of Mr. and Mrs. Walter Robins. Josh Wilson was in Bee Lick first of the week making it hard for rabbits. J. H. Dean purchased a house and lot on Silver street from Wm. Murphy and will move to same in near future. Mr. Murphy will move to the rooms over Brodhead Cafe. Dr. W. F. Carter was in Louisville Wednesday. L. O. Duroly Vernon Hiatt is with her grand parents, Mr. and Mrs. R. L. Smith, at Hiatt, this week. Mr. and Mrs. U. B. Cass have taken rooms with Mr. and Mrs. O. A. Frith. Announcements of the wedding have not been made but we presume everyone around here heard of a quiet wedding which took place a few weeks ago. Miss Winnie Keller has been in Louisville shopping. Miss Allie Mae Cummins has been home at Crab Orchard to see her mother, who is very ill. David Gravelly and Kenneth Wilson are out of school on account of whooping cough. Misses Winnie Keller, Nell Carter and Willie Petty were entertained Friday night by Mrs. J. E. Walen. Mrs. Jacob Elder has returned from a visit with her daughter, at Covington. Miss Nina Albright, who is teaching in Florida, is expected home in a few days. The B. Y. P. U. is

A GOOD COUGH MEDICINE FOR CHILDREN.

Mrs. J. W. Phillips, Redon, Ga. phoned to J. M. Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectation easy and soon frees the system from the cold.

POSTED: Against hunting, trapping or trespassing in any way.

Louisville Man Gains 17 Pounds

Says Tanlac Proved To Be The Very Thing He Needed And Has Relieved Him Of All His Troubles.

"I have actually gained seventeen pounds in weight on three bottles of Tanlac," was the statement made by James H. Johnson, of 1725 Crop St., Louisville, Ky. "For some months I had been in a badly run-down condition. My appetite was very poor and even the little I did manage to eat fermented and bloated me up with gas until I was in perfect misery. My nerves were so upset I could never get a good night's sleep. I felt tired and worn out all the time, just had to force myself to work and was going down hill every day. I remembered that about two years ago when I was in a run-down condition and my kidneys were suffering, I had taken Tanlac with wonderful results, so I decided to try it again. I commenced improving right away and in a short while my appetite was so good my wife said she could hardly cook enough for me to eat. I can eat meat just anything I want without having a particle of trouble afterward. My nerves are in fine shape. I sleep well and that tired, worn out feeling is all gone."

Tanlac is sold in Mt. Vernon by Chas. C. Davis; in Brodhead by the Brodhead Pharmacy, and in Livingston by R. G. Webb; in Burr by W. M. Owens.

1000-500

A CLUB CHARTER FOR EVERY SCHOOL.

The State College of Agriculture is ready to give a charter to every school district that has a club of six or more members. We want a Junior Agriculture Club charter to hang in every school house in Rockcastle and Southern Madison. The charter will be secured by County Agent, soon after the clubs are organized and reported to him. Every teacher is asked to assist in the work and see to it that a club is organized in his or her district. Write County Agent, Spence, Berea, for application cards and enrollment blanks. All this work must be done in November and December.

"21,000 for 21".

The call comes to our young people of Kentucky. Are we doing our part in getting them ready to answer to the call? 21,000 Junior Club members in 1921, will cause an extension school to be established in every home and on every farm where there are club members. This will mean thousands of dollars for the boys and girls and better still, and opportunity for an education.

WHY NOT TO-DAY?

BOYS AND GIRLS Why not belong to a club that's backed by U. S. Department of Agriculture and the State College of Agriculture? Why not enroll and get credit for your work since you do it any way? Why not study your work and be more efficient and become better educated at home and on the farm? Think these things over and join a club in your school district. See your teacher or write County Agent.

PARENTS AND TEACHERS—

Why not have an active club in your district, which furnishes entertainment as well as something to talk about and later to think and wonder about? Our young people are ready to follow a leader. Why not start something that has never been started, or make something bigger and

better than it has been in the past?

Our Communities are just what we make them—Then, A Junior Agricultural Club—WHY NOT TO-DAY?

CLUB LETTERS, READ THEM

Mt. Vernon, Ky.
October 28, 1920.

Dear Mr. Spence:

I am writing you a few words about my trip to the State Fair. Must say that I enjoyed myself fine and had one more time of my life.

I wish every club boy and girl could attend the State Fair. I saw and heard things which I never expected to see or hear. There were thirty eight club boys in a judging contest, judging corn and pigs. I won second prize—a silver trophy cup—of which I am very proud.

I hope sometime in the future I will have the pleasure of attending the State Fair again.

I want to thank you all and especially Mr. Buckler for my trip.

(Signed) Everett Reynolds,
Junior Club boy,
Mt. Vernon, Ky.
October 29, 1920.

Mr. Robt. F. Spence

Dear Sir:

I have meant to write you for sometime concerning my week camp at London. I sure had a fine time and I wish every club member, boy and girl in Rockcastle County could have been with us. I think they missed the best part of their club life by not being there. We learned something new every day. I think these camp meetings are so nice for club boys and girls to get acquainted with each other, and the lectures were just what I needed. Sometime I will have the pleasure of attending another camp meeting just as good or better than this one.

I want to thank you all for my trip.

Junior Club boy,
(signed) Everett Reynolds.

A LIMESTONE PULVERIZER FOR SCAFFOLD CANE COMMUNITY—ROCKFORD.

The farmers of Scaffold Cane Community met at school house last Saturday night and discussed some real live questions concerning the Community, the chief of which was the buying of a Limestone Pulverizer. This is a great step for this Community to take. We hope it won't be long until the hum of a pulverizer can be heard and wagons seen hauling ground limestone and spreading it on the fields.

Mr. Joe Bullin and W. C. Viars are going to grow 6 acres each of sweet clover this year. With 12 acres successfully grown—1000 acres will be seen on the ridge in a few years. This will mean better and bigger grain crops, richer soil, more and fatter live stock and more bees.

ROCKFORD

Saturday and Sunday was regular meeting day at Macedonia with Brother Sherd Overbey pastor—Mr. J. C. Gunn and J. T. Stephens visited relatives at Walnut Sunday.—Miss Myrtle McCollum, who has been at Dayton, Ohio, for some time has returned home.—C. L. Martin, of Mt. Vernon, passed thru here Sunday.—Mr. A. T. Abney, Mr. and Mrs. R. T. Abney and Mr. and Mrs. J. A. Gunn visited Mr. and Mrs. W. H. Stephens Sunday.—Hugh Linville has moved from the H. E. Northern place to J. C. Bullens' place.—Mr. and Mrs. Ray Linville spent Saturday night and Sunday with the family of W. C. Brock.—Joe Gatliff of Disputanta visited his brother, Wilburn, Sunday.—J. W. McCollum made a business trip to Berea Tuesday.—Farmers in this vicinity are busy stripping tobacco and gathering corn.—The first deep snow fell Tuesday morning. It seems

The Right Direction

If you are going anywhere, the natural thing to do is to travel in the direction of the place you desire to reach. The speed you make merely regulates the time of your arrival—if you are headed right.

It is not the amount of money you save, but the fact that you have begun to save, that invests the act with a certain moral influence which, properly encouraged, becomes stronger and stronger all the time. That's why we urge you to open an account with us and get started on the right road, where the going is easy. Start an account today and watch it grow.

THE STORE THAT SELLS FOR CASH

To the farmers of Rockcastle County and especially the boys and girls.

We have been publishing each week, assisted by Mr. Robert Spence, our County Agent, detail information in regard to the organization of Junior Agricultural Clubs in Rockcastle.

After studying this proposition thoroughly, let us urge that every Boy and Girl between the ages specified, take the necessary steps to become enrolled in one of these clubs.

It is an opportunity which they cannot pass by without losing valuable information, useful to them in future years; furnished by the Federal Government at absolutely no cost to them. Don't hesitate, go to your Club Organizer at once and JOIN.

If you haven't a Club started yet, write to Mr. Robert Spence, County Agent, Berea, Ky., for full information, and organize a Club of your own.

You Need Strength-

to overcome the coughs, colds and other catarrhal diseases of winter. Restore healthy circulation, throw out the wastes, tone up the nerves and fight the summer sun of catarrh.

STILL the GREATEST MOTHER in the WORLD

The "Greatest Mother" concept which was visualized in the famous poster used by the American Red Cross in its second war fund campaign has had its symbolism adapted to the Red Cross works of the post-war era and will illuminate the main poster to be used in the Fourth Red Cross Campaign, Nov. 25. This adaptation will bear the title "Still the Greatest Mother in the World." Every one is familiar with the original "The Greatest Mother in the World," the effectiveness of which has been shown in part by the fact that it has furnished a synonym for Red Cross that has come to almost a household term. More than any other symbol, except the red cross itself, the public has made it the trademark of the American Red Cross.

VOWELS—COSTELLO.

Miss Katherine Vowels and Mr. William Costello were married Wednesday morning at 6:30 o'clock in the Catholic church by Father Augustine. Miss Julia Heil was maid of honor and Mr. Kenneth Ralston was best man.

There were only the immediate members of both families and a few friends present.

After the ceremony a wedding breakfast was held at the home of the bride's parents, Mr. and Mrs. J. R. Vowels on Edgewood road, following which the nuptial party left on the morning train for Louisville and then on for New York City and other places in the East. They will be gone for about a month. The bride came here from Louisville when quite young and has lived here ever since. The bridegroom came to Middletown from Ohio during the early boom days of the city and has been actively identified with its mining development ever since. The bride and bridegroom are locally popular. — The Pinna- cle News.

Another Royal Suggestion DOUGHNUTS and CRULLERS From the NEW ROYAL COOK BOOK

DOUGHNUTS:
There is nothing more wholesome and delightful than doughnuts or crullers rightly made.

Doughnuts
3 tablepoons shortening
1 cup sugar
1 egg
1 cup milk
1 teaspoon nutmeg
1 teaspoon salt
2 cups flour
4 teaspoons Royal Baking Powder

Cream shortening; add sugar and well-beaten egg; stir in milk; add nutmeg, salt, flour and baking powder which have been sifted together; and enough additional flour to make dough stiff enough to roll. Roll out on floured board to about 1/8-inch thick; cut out. Fry in deep fat hot enough to brown a piece of bread in 30 seconds. Drain on ungreased paper and sprinkle with powdered sugar.

Crullers
4 tablepoons shortening
1 cup sugar
2 eggs
3 cups flour
1 teaspoon cinnamon
1/2 teaspoon salt
3 teaspoons Royal Baking Powder
5/8 cup milk

Cream shortening; add sugar gradually and beat on eggs; stir together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/8-inch thick and cut into strips about 1/4 inches long and 1/4-inch wide; roll in hands and twist each strip and bring ends together. Fry in deep fat hot enough to brown in powdered sugar.

YOUR RED CROSS

The American Red Cross, by its Congressional charter, is officially designated:

To furnish volunteer aid to the sick and wounded of armies in time of war, in accordance with the conventions of Geneva.

To act in matters of voluntary relief and as a medium of communication between the American people and their Army and Navy.

To continue and carry on a system of national and international relief in time of peace and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods and other great calamities.

To devise and carry on measures for preventing those causes of suffering.

FIRST AID TRAINING TO MEN AND WOMEN

American Red Cross is Teaching Hundreds of Thousands Life-Saving Methods.

The purpose of instruction in First Aid to the injured offered by the American Red Cross is to train men and women to administer First Aid treatment promptly and intelligently when emergencies demand it. First Aid treatment is not intended to take the place of a physician's service. A surgeon should always be summoned as a precautionary measure where there is an injury of any consequence, but when one cannot be secured a few minutes' delay may mean a fatality. In such a case a person trained in First Aid is invaluable not only to the individual, but through him to the community in which he lives.

There is perhaps no way of ascertaining the number of deaths or serious disabilities which result from lack of proper safeguards or prompt emergency treatment. It is safe to assume they number thousands daily. There can be no doubt that the application of First Aid methods to each case would immeasurably lighten the country's toll of suffering and death.

The dissemination of First Aid training and information has already produced a far-reaching and beneficial influence in the prevention of accidents on railroads, in mines and in great industrial concerns.

The benefit of a widespread knowledge of First Aid is the event of a great disaster, such as a train wreck, an explosion, an earthquake, etc., is obvious. Laymen who have had First Aid training can render efficient assistance. Many lives may depend upon such emergency care.

Red Cross First Aid work includes (1) the formation and conduct, through Red Cross chapters, of classes for instruction in accident prevention and First Aid to the injured among men and women in all communities and in every industry; (2) the introduction of courses of instruction in high schools and colleges.

The Red Cross is prepared to supply First Aid books and equipment at reasonable prices. Every person in this country able to do so should, in his own interest, receive Red Cross First Aid instruction. Information about the course and instruction classes may be had at the nearest chapter headquarters.

RED CROSS EXTENDS RELIEF TO POLAND

More than \$5,000,000 has been spent by the American Red Cross in aiding the stricken people of Poland. The organization has nursed the sick, fed the starving, clothed the naked, sheltered the homeless, schooled the children and red for the orphans there. It has conducted a relentless fight against typhus, cholera and other terrible diseases. So today millions of men and women in that resurrected nation speak in grateful appreciation of "The Greatest Mother in the World."

Nearly 200 American Red Cross workers are now engaged in relief activities in Poland. Four large relief bases are in operation and eleven mobile units are in the field. During the last twelve months this organization was largely instrumental in the re-establishment of a million refugees etc. cost for general relief of more than \$1,000,000. Last winter one-half million war orphans were aided materially, and since then a series of large orphanages have been established to give them permanent care.

But for American Red Cross aid, officials of Poland declared recently, millions of people in that country would have perished of disease, exposure or starvation the last eighteen months. And the work there must be kept up for another year.

Straight Salary: \$35.00 per week and expenses to man or woman with rig to introduce Eureka Egg Producer. Eureka Mfg. Co., East St. Louis, Ill.

RED CROSS ASSISTS DISABLED VETERANS

The American Red Cross is carrying on a wide program of service for the disabled World War veterans receiving treatment in United States Public Health hospitals, and those being trained through agencies of the Federal Board for Vocational Education. In each of the Public Health Service hospitals Red Cross workers devote their time to the general welfare of the service men from the day they enter the receiving ward until they are discharged. After the soldier's discharge the Red Cross continues its friendly service through the Home Service Section in his own community. The Red Cross maintains a convalescent home at all of the hospitals, where patients can amuse themselves after they are well enough to be up and around. Parties and picnics held in the wards are also furnished, with occasional excursions when convalescence comes.

Great service has been rendered by the Red Cross in mental cases in identifying those who have appeared in state hospitals for the insane, and helping them secure compensation due from the Bureau of War Risk Insurance.

In the Federal Board's various district offices the Red Cross worker, acting with the Home Service Section, makes necessary loans to the men, arranges suitable living conditions, helps collect evidence and supply facts to the Board, assists in "appealing cases" and settles various personal difficulties for the men. The workers also follow up and aid all men who discontinue training.

The Red Cross agents and men "lost" to the Board, help clear up delayed cases and aid the college counselors in their friendly work with the men. Many Red Cross chapters have set up recreation facilities, and in some instances living clubs, so these victims of war may have attractive surroundings and the fun which must go with effective school work.

To the American Red Cross Institute for the Blind near Baltimore, Md., more than half of all the Americans blinded in the World War have come for training. The Institute, through the Red Cross, long ago conducted an exhaustive industrial survey to determine the vocations for which blind men could be fitted. As a result it is setting forth well trained men equipped to meet the social, civic and economic requirements of their respective communities.

Aid for Spanish Red Cross. The Iberian chapter of the American Red Cross, composed of Americans resident in Spain, has just contributed \$400 to a fund being raised by the Spanish Red Cross and the League of Red Cross Societies for the purpose of fighting malaria.

JUNIOR RED CROSS WORKING AT HOME

Production of Sound American Citizenship the First Aim, Says Dr. Farrand.

On the badge of every member of the Junior Red Cross are the words "I Serve." This tells the story of the American Red Cross and its efforts to bring happiness to children throughout the world.

Realizing that the time never was so promising as right now for teaching the highest ideals of citizenship to the entire present generation of the Junior Red Cross has been framed under the very inclusive phrase, "Training for Citizenship Through Service" for others. Since the Junior Red Cross is the agency through which the American Red Cross reaches the schoolboys and the schoolgirls, all its activities are designed to come within the regular school program, and without creating new courses or increasing the number of studies to load its aid in vitalizing the work of the schools.

"The thing that is needed," says Dr. Livingston Farrand, Chairman of the American Red Cross Central Committee, "is not a perpetuation of the Junior Red Cross, but its training and breeding of sound American citizenship inspired by the true, fundamental ideals of sound democracy. One of the great contributions to better citizenship in our American democracy is the realization that after all the same hope of any nation is with the children of the country."

The plan of organization of the Junior Red Cross makes the school—public, parochial and private—the unit, not the individual pupils. Mutual service, helpful community work such as cleanup campaigns, care of the sick, promotion of health regulations, participation in civic and patriotic movements—all these creative agencies designed to translate into life and action the regular school program are parts of the machinery which the Junior Red Cross uses to bring about the desired end.

Graded study courses giving practical methods of civic training, supplemented by pamphlets and helpful suggestions, are supplied to the local schools by the Junior Red Cross. An elaborate plan for promoting an interchange of correspondence between children in different sections of the United States as well as with children in foreign lands is being devised and will take a prominent place in the established classroom program.

In promoting the general cause of child welfare, Red Cross courses in home hygiene and care of the sick first aid, and dieting may be established in all Junior Red Cross Auxiliaries.

The ideals and the objective of the Junior Red Cross are embodied in the pledge of service which the pupil takes when he signs the membership roll and pins on his coat the Junior's badge. The pledge which binds together service and citizenship reads:

"We will seek in all ways to live up to the ideals of the Junior Red Cross and devote ourselves to its service."

"We will strive never to bring discredit to this, our country, by any unworthy act."

"We will reverence and obey our country's laws and do our best to inspire a like reverence and obedience in those about us."

"We will endeavor in all these ways, as good citizens, to transmit America greater, better and more beautiful than she was transmitted to us."

At the foundation of this school program of the Junior Red Cross is a love for America's children.

RED CROSS ACTIVE IN DISASTER RELIEF

When disaster hits a community—fire, flood, earthquake, explosion, and wreck or hurricane—the American Red Cross can be depended upon to follow right at its heels with help for the stricken people. Red Cross relief is almost immediately forthcoming—food, clothing, shelter and funds; doctors, nurses and special workers with long experience in handling similar trouble elsewhere.

During the last year, ending June 30, there was an average of four disasters a month in the United States. One hundred and fifty communities in twenty-seven states suffered. The largest and most destructive of these were the tidal wave at Corpus Christi, Texas, and tornadoes in Mississippi, Louisiana, Alabama, Georgia, Ohio, Indiana and Illinois.

In these events of horror 850 persons were killed, 1,500 were injured, 12,000 were made homeless, about 30,000 families needed help. The property loss was nearly \$100,000,000 and at least \$1,000,000 in relief funds, not including emergency supplies was expended.

To the sufferers from all disasters during the year, the American Red Cross sent \$120,000 worth of supplies, 110 Red Cross nurses and several special relief trains. To meet the needs of the stricken, the organization set up ten relief stations, operated thirty food canteens and as many emergency hospitals. One hundred and twenty-five Red Cross chapters gave disaster relief services.

If disaster ever strikes this town or county, the citizens can be absolutely sure the Red Cross will be right on hand to help them in every way.

On the Job Every Day

Red-Blooded Men and Women Are Seldom Sick

WATCH YOUR BLOOD CONDITION

If You Look Pale, Feel Gloomy and Run Down, Take Pepto-Mangan and Build Up.

You see men and women who are never sick. They work hard, look robust, eat heartily and enjoy life. They have plenty of rich red blood. That is why they are never ill.

People who try to get along with weak, impoverished blood always have a struggle. They go from one sickness to another. Children the same way.

If you keep your blood rich and red you'll be joy full vigor. Disease has little chance to develop in healthy blood. As soon as you feel run-down take Pepto-Mangan for awhile. It will feed your blood with the ingredients needed to create a good supply of red corpuscles.

Pepto-Mangan is sold in both liquid and tablet form. Take either kind you prefer. They are alike in medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package. Advertisement.

HANSFORD

Miss Ella McKinney was the guest of her aunt, Miss Riese McKinney Sunday evening.

Mr. and Mrs. Arthur Yonker, of Lockland, Ohio, are visiting Mrs. Yonker's parents, Mr. and Mrs. W. F. Cross, J. S. Bullock and family have moved to the place recently purchased from M. B. Jones near Level Green—A. minister from Virginia, name unknown, conducted services at Blue Springs Sunday night.

Dennis Bullock was the guest of his cousin, J. L. Bullock Saturday night and Sunday—Clad Clancy, of the Bloss section, was a caller in this section Sunday.

Clad, we are waiting and listening—Walter L. Bullock, who has been visiting relatives here for the past week, has returned to his home in Read, Ohio. The infant child of Mr. and Mrs. C. M. McKinney is reported very sick. Messrs. Dennis, J. L. and Leroy Bullock and Estill McKinney attended church at Hopewell Sunday.

THIS MEANS YOU

When you get up with a bad taste in your mouth, a dull tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels but cleanse and invigorate the stomach and improve the digestion.

The Commonwealth, of Somerset, Ky., Nov. 11, has the follow to say of Judge B. J. Bethurn and Commonwealth Attorney Walter N. Flippin:

The Commonwealth this week reproduces upon its front page an editorial which last week appeared in the Mt. Vernon Signal, a Republican newspaper published at Mt. Vernon, Ky. In this editorial the said paper sets forth its reasons for supporting Judge Burgess J. Bethurn for Circuit Judge and Judge Walter N. Flippin for Commonwealth's Attorney at the next August primary. These gentlemen are indeed fortunate to have the backing of such a strong newspaper as is the Signal the only paper published at Mt. Vernon, and no doubt they are very much pleased at the position taken by that old, reliable paper.

The Commonwealth will likewise support actively both of these gentlemen in their coming races for re-election. The editor of this paper did not support Judge Bethurn in his race six years ago. At that time he was

TERMS—On the Work Mules a credit of 12 months; balance a credit of 6 months on sums over \$10, with bankable note.

J. H. DOAN

BOGUE SMITH, Auctioneer

the editor of the Somerset Leader which fought the Judge, and through its columns, said many unkind things about him. Since that time we have become convinced that we made a mistake in fighting him, and did him a great injustice by the character of material that was used. The Commonwealth proposes this time to make amends for the unjust attacks then made, by giving Judge Bethurn the benefits of its unqualified support. Before we made the mistake of taking as true the unsupported statements and charges of others, without making a personal verification. Although we fought him with all the power we had, and assailed him without excuse, he has never shown any disposition to punish

us, or any others who opposed him. He lived up to the promise that he made the night of his nomination, when he said: "All shall have fair and courteous treatment in my court."

Judge Bethurn is a true Republican and never strays from the fold. But, while he believes in party loyalty and party regularity, and lives up to it with all his ardent nature, yet, when he sits in judgment upon the rights of men, he knows no man's politics nor his religion. His sole aim has been to keep the scales of justice evenly poised, and, with unerring judgment, to settle the disputes between men. His administration is distinguished for his fearless stand for law and order, and for the vigor with which

he has uniformly fought the liquor traffic. In short he has been a capable, careful and a just judge and the people are clamoring for his re-election.

The editor of this paper did support Judge Flippin in 1915, and rejoices to know that in doing so he made no mistake. Judge Flippin is a stalwart Republican and never fails to give substantial support to the nominees of his party. He has made one of the ablest prosecuting attorneys that this district ever had, and is a fearless exponent of law and order. He is personally popular throughout the district, and will no doubt be elected to succeed himself without any opposition to speak of. This would be a deserved recognition of his most excellent record as a prosecutor.

HOGS PAY BIG MONEY.

Mr. Pete Wing, of Hawk Point, Mo., made a lot of money out of his hogs. He says: I fed them Dr. LeGear's Hog Prescription. It has given wonderful results in putting gains on them with less feed. They were on heavy feed for only a month; averaged a gain of 25 pounds daily and were only 7 months, 10 days old, when sold.

Mr. Wing profited by the advice of Dr. LeGear, Graduate Veterinarian and Expert Poultry Breeder of 28 years' standing.

Dr. LeGear's Hog Prescription will put weight on your hogs also, because it expels worms, purifies the blood and conditions them so that they gain flesh on less feed.

It makes no difference what ailment is prevalent among your stock or poultry, it is money in your pocket to get the proper Dr. LeGear Remedy from your dealer, on a satisfaction or money back offer.

REMEMBER to ask

your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the label. Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Contains only such ingredients as have been officially approved by U. S. Food Authorities, is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

Gluten gives flour a good part of its food value—the element that nourishes the body. To be sure of getting it, use only pure baking powder with plain flour, (not self-rising flour).

Calumet Baking Powder Recipe—4 cups sifted flour, 4 level teaspoons Calumet Baking Powder, 1 tablespoon sugar, 1 teaspoon salt, 2 eggs, 2 cups of sweet milk. Then mix in the regular way.
